

ATTENTION: RESIDENTS OF THE VILLAGE OF LAKEWOOD

RE: COLLECTION OF HOUSEHOLD GARBAGE & RECYCLABLES

Household garbage and recyclables (single stream) will be picked-up on **Tuesdays, beginning at 4:30 AM**, residents are therefore asked to place materials for pick-up at the road edge Monday evenings. When carrying out single stream recycling, customers may place all their recyclables (paper, magazines, soft plastic, cardboard, clear glass and tin cans) in one container. **NOTE: CARDBOARD MUST BE FLATTENED.**

Bestway Disposal Service will be operating two (2) garbage trucks and one (1) recycling vehicle. The contractor would greatly appreciate it if customers can keep recycling & garbage in separate containers and mark the containers accordingly. Please make sure the household garbage is placed in tied trash bags and that the recyclables have been properly prepared for collection. There is a ***6 bag limit***, anything over that will be left.

**NOTE: Weekly garbage collection is for household garbage only.
NO JUNK WILL BE COLLECTED!!!**

Any questions or comments concerning the collection and disposal of household garbage and recyclables may be directed to the Village Clerk's Office by calling 763-8557. Thank You.
