

The Lakewood Active Community Enhancements (ACE) Committee needs your input! As part of a project funded by the County's Community Transformation Grant, we are looking at issues of safety, walkability, and connectivity for pedestrians and cyclists of all ages and abilities in our Village. We have identified 5 areas where improvements could be made, shown on the map below, and you might think of others! Please return this survey in the envelope where you picked it up by Tuesday September 30, 2014. Results will be posted at the Library and Village Hall in early October!
