REPORTS

Mayor Birrittieri reported that the 4th of July/Summerfest is fast approaching and that this year's event will include a Kids Zone and a VIP area in collaboration with the Chautauqua County IDA and their support of the LECOM web.com tour event set for Peek'n Peak resort July 7th - 10th. Mayor Birrittieri indicated that the next meeting of the Events & Marketing Committee will be held tomorrow, (June 28th) at 7:00 PM, in the conference room to finalize the details. Mayor Birrittieri said the fund raising efforts for the event have been very successful noting residents and businesses both inside and outside the Village of Lakewood have contributed this year. Mayor Birrittieri thanked those who have made donations for their generosity. Mayor Birrittieri noted the event will have more vendors this year and that volunteers are still needed for the kids zone activities.

Mayor Birrittieri said the first edition of the Village of Lakewood newsletter should be arriving in residents' mailboxes later this week. The bulk mailing will also include a schedule of events for the 4th of July Summerfest, the summer "Live on the Lake" concert schedule and an informational memo from the Lakewood Tree Committee on how residents can assist in keeping trees healthy this summer.

Mayor Birrittieri also was pleased to report that the DPW crew headed-up by Mr. Thomas R. Pilling recently completed work on the beautiful stamped concrete patio located in front of the gazebo at Richard O. Hartley Park. In addition to it being a great improvement to the park, the patio will allow the Village of Lakewood to host a wider variety of entertainment and events. Mayor Birrittieri then thanked Mr. Pilling and the entire DPW crew for a job

well done.

Mayor Birrittieri also reported that the fire damaged home at 9.5 Clark Street has been demolished and cleared away and that the dilapidated structures at 8 & 10 Olive Ave. are scheduled for demolition very soon. The Village of Lakewood has also asked for assistance from the Chautauqua County Land Bank on the possibility of razing a residential structure on Elmcrest Ave. We will keep everyone posted.

Department of Public Works Supervisor Thomas R. Pilling reported that phase two of the curbing and sidewalk project along the west side of Mall Blvd. has begun and repairs to the bridge abutments on Chautauqua County Highway #110 (East Terrace Ave.) have been completed.

JUNE 27, 2016 (CONTINUED)

Mr. Pilling also indicated that he has ordered a new dump truck with a delivery date of January 2017.

Police Chief John R. Bentley reported that the Lakewood-Busti Police Department has responded to five thousand two hundred seventy reportable incidents year-to-date, which includes six hundred forty incidents since the last meeting. Of those, they included two hundred twenty traffic arrests, thirty criminal arrests, twenty motor vehicle accidents, thirty-four assists to other law enforcement agencies and two driving while intoxicated (DWI) arrests. Chief Bentley also reported that three officers recently participated in a Sovereign Citizen training class at Hilbert College which was sponsored by the FBI. Chief Bentley previously has expressed some concern about problems with the new police radio system and indicated that new radios for the L-BPD could cost in the range of \$ 140,000.00. Chief Bentley concluded his report by noting the assignments for the 4th of July Summerfest are in place.

Trustee Di Salvo asked Chief Bentley if it would be appropriate for the Board of Trustees to go on record with their concerns about cost of a new radio system which was thrust upon the municipality.

Fire Chief Kurt W. Hallberg reported the Lakewood Volunteer Fire Department has responded to three hundred ninety-seven alarms year-to-date, thirty-four which have occurred since the last meeting. Chief Hallberg said the LFD is also ready for the 4th of July Summerfest. Chief Hallberg indicated the new ambulance is expected to be delivered Friday, July 1st and the delivery of the new engine will not be far behind. Chief Hallberg asked residents to be careful and use caution when enjoying summer activities.

Village Treasurer Andrea J. Windoft reported that the Village of Lakewood has received about 75% of the 2016-2017 village tax payments.

Building Inspector Jeffrey A. Swanson wished to thank Police Chief Bentley and the L-BPD for their assistance in dealing with a sovereign citizen last Friday evening. Mr. Swanson said he experienced firsthand the gaps in coverage with the current radio system.

Mr. Swanson reiterated that the fire damaged residence at 9.5 Clark Street has been demolished and the property cleaned-up and that a demolition permit was issued regarding the razing and clean-up of the dilapidated structures at 8 & 10 Olive Ave. He said the residential structure at 208 Elmcrest Ave. may also be a candidate for demolition.

Mr. Swanson said a new mortgage law was recently passed the State of New York which addresses "zombie properties". Mr. Swanson said he'll need some assistance from legal counsel when moving forward on property maintenance issues and dealing with the new "zombie property" legislation.

Mayor Birrittieri said she has spoken with one of the Town of Busti judges regarding the most efficient and proper way to deal with property maintenance enforcement.

Mr. Swanson said he has also recently talked with Ms. Carol Darling about her properties on Ohio Ave. and Pennsylvania Ave. and there is a possibility that someone may soon make an offer to her for the two properties.

Mayor Birrittieri opened the public hearing at 6:15 PM and indicated that the Planning Board recommended Mr. Bargar's Special Use Permit application be approved.

Mr. Bargar indicated that none of the neighbors have any issues with the proposed fence.

With no one else to be heard, Mayor Birrittieri closed the public hearing at 6:17 PM and asked for a motion to approve Mr. Bargar's special use permit application.

PUBLIC HEARING: 6:20 PM

31 NEW YORK AVE.

Mrs. Sharon Westerberg, 31 New York Ave. has submitted an application for a Special Use Permit regarding her proposal to erect approximately one hundred eight (108) lineal feet of 6 ft. high cedar panel fencing along her property's easterly boundary line. In accordance with Section #25-50, (A-2), [Fences; Walls] of the Village of Lakewood Zoning Law, any fence above four (4) feet in height shall require a special use permit.

RESOLUTION #108-2016 - APPROVE SPECIAL USE PERMIT (6 FT. FENCE) APPLICATION

Motion by Trustee Holcomb, seconded by Trustee Drago, to grant/approve the Special Use Permit application as submitted by Mrs. Sharon Westerberg, 31 New York Ave., whereby she will be allowed to erect approximately one hundred eight (108) lineal feet of 6 ft. high privacy (cedar panel) fence along her easterly boundary line in accordance with Section #25-50, [Fences; Walls] of the Village of Lakewood Zoning Law.

Adopted: 4 ayes, no nays (Barnes, Di Salvo, Drago, Holcomb)

Mayor Birrittieri closed the public hearings at 6:22 PM and proceeded to reopen the regular meeting of the Board of Trustees.

COMMITTEE REPORTS

Trustee Di Salvo reported from a Planning & Zoning standpoint he had been in contact with the Deputy Mayor & Code Enforcement Officer with the Village of Newark, New York, which is located between Rochester and Syracuse. They too have been experiencing problems with properties having multiple code violations, etc. The Village of Newark passed legislation called the Nuisance

Abatement Law which addresses zoning and property maintenance based on a point system. Trustee Di Salvo believes this type of law is worth exploring and is hopeful the Board of Trustees will consider adopting this piece of legislation.

Mayor Birrittieri asked for the Public Safety Committee to again look into implementing a charge-back program for hospital transports.

Trustee Barnes said she indicated at a previous meeting, that the next step in this process would be for the Town Supervisor and the Mayor to sit down and discuss the many aspects of starting-up a charge-back policy for hospital transports. The Mayor, Town Supervisor and the respective municipal boards would all have to agree to such a program. Establishing a charge-back policy takes time to implement and it must begin with a public relations campaign selling the policy to the taxpayers.

Mayor Birrittieri said she would like to meet with Busti Fire Chief Michael Volpe to initiate some discussion on the subject. Other municipalities have policies in place charging for hospital transports and sees no reasons why the Lakewood Fire Department can not put such a policy into practice.

Fire Chief Hallberg indicated the Village of Lakewood can move forward and formulate its own charge-back policy if you so desire. Because the Lakewood Fire District extends into the Town of Busti, and if a policy is implemented, some people in the township would be charged and some wouldn't.

Mayor Birrittieri said having just purchased a new ambulance it is a good time to promote a paid hospital transport service.

Trustee Di Salvo indicated over two years ago he was told implementing a charge-back policy was complicated and would take a lot of time. Today he is still being told it is complicated and that it will take a lot of time. Trustee Di Salvo said he would like to receive updates from the committee on its progress to implement such a charge-back policy. He said it is difficult to accept it is going to take another two years.

Fire Chief Hallberg met with his officers and some are not adverse to the idea for the LFD to implement its own policy.

Mayor Birrittieri said the Village of Lakewood could opt to go it alone and possibly in the future enter into a joint program with the Town of Busti and Busti Fire Department.

JUNE 27, 2016 (CONTINUED)

Mr. David G. Bargar, 11 Sunset Ave., said as a resident and taxpayer it sounds like a good idea adding we need some structural change. We can not operate the same way and expect to move forward. Mr. Bargar said if people don't like what is happening in their community they just pick-up and move. Mr. Bargar said he is somewhat discouraged with the declining enrollment rates at SWCS, JCC and Fredonia State. We as residents and taxpayers look to our elected officials and respective department heads for guidance and direction in moving the community forward.

Mr. Rose said he contacted Arborist Bruce Robinson, who said although some of the trees are stressed, they should survive. Mayor Birrittieri prefaced action on the next agenda item by stating that Richard E. Stanton, Esq., Buffalo, New York, is currently handling the litigation in the matter of Up State Tower, LLC, Bethesda, Maryland vs. the Village of Lakewood and the Board of Trustees and it would be prudent and fiscally responsible to continue to use him for the Village of Lakewood's routine legal counsel services.

JUNE 27, 2016 (CONTINUED)

Mayor Birrittieri said there are some pressing legal matters that require attention such as the latest cell tower application and zoning law enforcement matters. Mayor Birrittieri then asked for the support of the entire board regarding the proposed retainer agreement with Mr. Stanton, which includes a cap of \$10,000.00. Trustee Drago said this matter appeared on the agenda without the Board of Trustees' knowledge.

Mayor Birrittieri indicated that she e-mailed each member of the Board of Trustees and explained what her intentions were concerning this matter. There should be no surprises here and reminded members of the Board of Trustees that she as Mayor is empowered to place items on the agenda as she sees fit. Every Mayor before her has had the same authority. With all that is going on, Mayor Birrittieri said it was an oversight on her part for not including the matter on the agenda prepared last Friday, however each member of the Board of Trustees was informed of her intentions via an earlier e-mail.

Trustee Barnes said she would like to introduce a resolution right now to change meeting procedures, which can be done according to the legal department at the NYS Conference of Mayors (NYCOM) at any time.

JUNE 27, 2016 (CONTINUED)

She said the Mayor or any member of the Board of Trustees may place an item on the agenda prior to or during meeting. No approval by the Mayor is needed.

Mayor Birrittieri said that isn't true. The agenda is to be set by the Village Clerk at the direction of the Mayor.

Trustee Barnes explained we, as members of the Board of Trustees, have specific statutory duties.

Mayor Birrittieri said because there is no legal counsel present, she will not accept any agenda changes or entertain a resolution she knows nothing about, at this time.

Trustee Barnes interjected, whose fault is that?

Mayor Birrittieri said she intends to adjourn tonight's meeting unless the Board of Trustees wishes to recess and enter into executive session. This meeting is adjourned. (7:48 PM)

Mayor Birrittieri and Trustee Di Salvo then left the Board Room abruptly as Trustee Barnes began to read a prepared statement/resolution.
